26 March 2020

Dear Parent/Carer,

As you will no doubt be aware this summer's public examinations will not take place and all students will be given an assessed grade for each of their subjects.

The exam boards will be sending further guidance to all schools to outline exactly how these grades will be calculated, but it is likely that they will be based on a combination of PPE grades, predicted grades, and other coursework and relevant assessments.

The government have also announced that students who wish to sit their exams will have an opportunity to do so "as soon as is reasonably possible" after schools open again, or in June 2021.

Once we have received further guidance we will update you. In the meantime, can you please ensure that your child continues to work on the examination material that your teacher has set for them. This includes the work in the packs issued last week and the work uploaded to Microsoft Teams.

Yours sincerely

Ms R Walsh
Headteacher
